

UCanMakeADifference.com T Shirts

The T shirts come from edun Live, (www.edun-live.com) suppliers of African made t shirts. They support sustainable socioeconomic development, which means that when you buy one of these shirts, you help to employ people in Africa, who might otherwise be unemployed.

All the money raised from the sale of the t shirts, will go directly to small South African townships around Modimolle, approximately 150km north of Johannesburg.

Father Peters work involves:

- Buying food parcels for 14 needy families of orphans in the community
- Providing a Christmas lunch and gift for all the children
- Irrigating a small piece of land, so the community can grow their own vegetables.
- Creating a drop-in centre for 100 orphan children at Cyferskuil, to provide them with breakfast before school, lunch and after school activities.
- Providing flush toilets at a crèche which currently uses long drops. They are hoping this will be completed by the end of the year, as the sewage connection has already been installed.
- They also help needy families with housing, help child headed families,
- Supply kitchen equipment and help to establish a vegetable garden.
